

STELLA B

COMPLETE EXTRUDED FEED FOR BARRAMUNDI

Skretting Stella B is a high quality feed range specially designed for barramundi reared in ponds or cages from fingerling to harvest. These diets are the result of the extensive experience of Skretting in Barramundi nutrition through its global network. They have been formulated to achieve fast growth and low FCR.

All ingredients are purchased from sources approved by the Skretting group. Quality controls are systematically performed to ensure maximum digestibility, palatability and avoid any contaminant.

NUTRITION FACTS

Code	Size (mm)	Packing (kg)	Protein (% min.)	Fat (% min.)	Ash (% max.)	Fiber (% max.)	Moisture (% max.)
2 / 3	2.0 / 3.0	25	50	14	13	5	11
5 / 7	5.0 / 7.0	25	47	15	13	5	11
10 / 14 18	10 / 14 18	25	43	15	13	5	11

INDICATIVE FEEDING TABLE

Code	Fish weight (g)	Feeding rate (% body weight per day)	Feeding frequency (meals per day)
2	5 - 15	6 - 12	3 - 4
3	15 - 60	4 - 6	3 - 4
5	60 - 150	3 - 4	2 - 3
7	150 - 300	2 - 3	2 - 3
10	300 - 1000	1 - 2	1 - 2
14 / 18	> 1000	0.7 - 1	1 - 2
