

Focus Salmo

SKRETTING
a Nutreco company 

Focus Salmo

A specific formulation
for consistent best
pigmentation!

Why Focus Salmo?

Skretting knows how important the feed is in ensuring best trout pigmentation.

Focus Salmo is much more than a standard feed with pigments on top!

Skretting ARC developed a specific formulation for best fillet texture and stable pigmentation.

Specific essential nutrients profile

Essential nutrient levels are balanced to ensure better fillet texture and pigmentation stability after processing

Raw materials selection

Raw materials are selected taking into account their impact on pigmentation

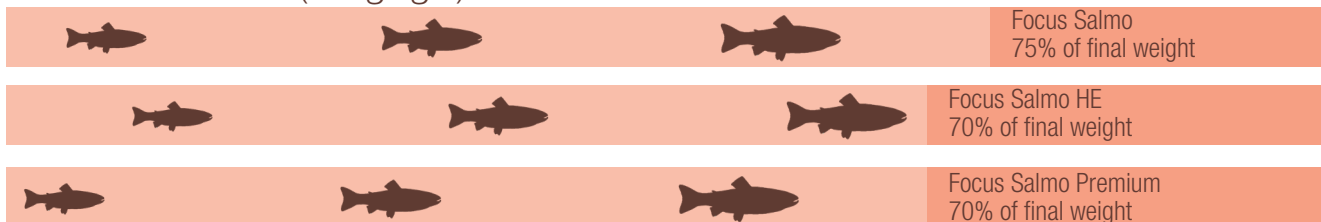

Antioxidant protection

Formulation designed to protect carotenoids against oxidation both in the feed and in the fish

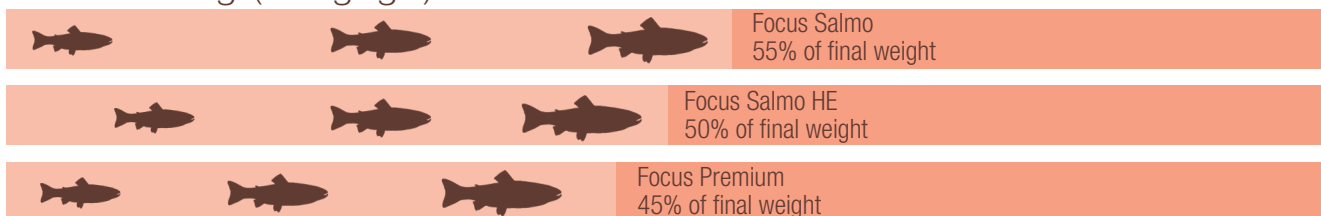

When should I start feeding Focus Salmo?

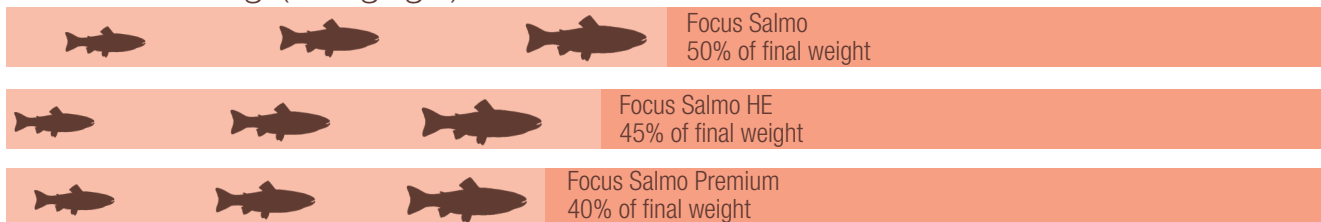

Trout sold as whole (5 mg kg⁻¹)

Trout for filleting (10 mg kg⁻¹)

Trout for smoking (12 mg kg⁻¹)

Skretting is the global leader in providing innovative and sustainable nutritional solutions and services for the aquaculture industry. Skretting has production facilities in 19 countries on five continents, and manufactures and delivers high quality feeds from hatching to harvest for more than 60 species. The total annual production volume of feed is more than 2 million tonnes. The head office is located in Stavanger, Norway. Our purpose is Feeding the Future.
