The malfunction of the CertifierOS tool may generate discrepancies between the information that may appear in that tool and the information that appears in the documents we issue, such as this present certificate. Therefore, we will not assume any type of responsibility regarding the aforementioned discrepancies, given that the problem lies in the aforementioned tool, which is owned by GlobalG.A.P. - Agraya GmbH, and which compels us to issue this present certificate based on the information available to us. This operation has been validated by ENAC and we will maintain it in force as long as the irregularities in the functioning of the aforementioned tool have not been resolved.
